4. Discussion and Possible Action Re: Review and Adoption of the Agenda:
   District Manager JD MacKay requested that the agenda be adopted as is. Trustee Grondin made a motion to adopt the agenda as written. Vice-Chairman Brown seconded the motion. The motion carried unanimously with no opposition.

5. Discussion and Possible Action Re: Approval of Minutes from August 13, 2026:
   Trustee Jonte made a motion to approve the minutes as read from the August 13, 2026 meeting. Trustee Barkdull seconded the motion. The motion carried unanimously with no opposition.

6. Certificate of Posting:
   Assistant Manager Clark noted that the agenda was posted in accordance with N.R.S. Statutes.

7. Correspondence:

Item #1 – 8-10-26 – Sue Pruit – Pruit Business Services – FORWARDED email from Raegann Conner – Macleod Watts – CC MV&NWAD: Draft FYE 2026 GASB 75

Assistant Manager Clark explained that this email is a follow-up to one that was reported on at the last (August) meeting. (The draft of the report was attached to the email, and a copy was brought to the meeting.)

Item #2 – 8-11-26 – Joe Eugene Paslov – NDOT – 8-17 SMG, P628-050Amd3 for Final Execution – Churchill County

Assistant Manager Clark explained that this was regarding an extension of the grant agreement that we have with NDOT for the roadside weed treatment. District Manager MacKay also confirmed that the agreement calls for the District to treat 8 feet of roadside, which is basically the width of the easement.

Vice-Chairman Brown asked how much the District is charging NDOT. District Manager Mackay explained how the District formulated its costs. The District will re-analyze its costs to adjust for fuel and other variables ahead of the next reporting and invoicing cycle. After further discussion, the District was asked to send a copy of the agreement to legal counsel so that they can ensure that the agreement between NDOT and the District is correct and accounts for all of the costs that the District incurs performing the services agreed upon.

Item #3 – 8-14-26 – Nevada Weed Management Association - Be one of the first to know.–

Assistant Manager Clark explained that the NWMA will hold its biannual conference in October. The District plans to send staff members so that they can attain CEUs.

Item #4 – 8-27-26 – Jake Dick – NV Department of Agriculture – 2026 Fall EDRR Follow Up Western Nevada

Assistant Manager Clark explained that District staff will attend an online meeting on September 15. This will give attendees a chance to provide updates, review input, and create space for coordination throughout the region for early detection and rapid response priorities of invasive plants. Chairman Porteous asked for confirmation of what "EDRR" stands for, which is "Early Detection Rapid Response".

10. New Business

Discussion and Possible Action Re: relisting of auction items

District Manager MacKay and Board Secretary Meyer explained that the District only received one bid on one of the bookshelves. The 2005 Dodge flatbed truck received one bid of $850.00, which was below the stated minimum bid of $2500.00. A discussion followed on the blue book value of the truck, noting mileage and issues with the

transmission, the overall condition of the truck, and a possible issue with the charging system. The conference table received no bids.

Regarding the 2005 Dodge flatbed truck, Vice-Chairman Brown made a motion to drop the minimum bid to $1000.00 and re-list it for auction. Trustee Barkdull seconded the motion. The motion passed unanimously without opposition.

Regarding the remaining filing cabinets and bookshelves, Vice-Chairman Brown made a motion to dispose of them as appropriate. Trustee Grondin seconded the motion. The motion carried unanimously with no opposition.

Regarding the Hon 10ft X 4ft conference table, Vice-Chairman Brown made a motion to donate it to the local hospital auxiliary thrift store, BCCH Stuf N' Such. Trustee Barkdull seconded the motion. The motion passed unanimously with no opposition.

11. District Manager's Operations Report

Assistant Manager Clark reported that the District took delivery of the new weed truck from Fallon Ford-Toyota on September 2 (2026). The next step will be to contact Spray-Tec and deliver it to their facility in Livermore, CA for the spray bed build. The District will notify them that we will be delivering the truck, then decide on how and when to take it down. They will not begin any fabrication until the truck is physically at their location.

The District has continued with larviciding and adulticiding. It has also been trying to trap where possible. None of the mosquitoes sent for testing have tested positive. District Manager stated that the volume of traffic seems lower than it has been in optimal years. Also, in a recent trapping, one trap yielded approximately 1,200 adults, while another one just down the road yielded just two. Both traps appeared operational, so it is unknown what the variable was.

The District identifies the vector mosquitoes from the nuisance mosquitoes. Vectors accounted for about 20% of the trapped mosquitoes.

12. Board Member's Report

Vice-Chairman Brown reported an area of concern in Zone 4, north of Sheckler Rd. A residence there has a hose running to the end of its field, creating a puddle that is likely a breeding ground.

13. Requests for Future Agenda Items

NONE

14. Discussion and possible action re: Approval of Expenditures

Chairman Porteous reviewed the expenditures report, Vice-Chairman Brown noted the expenditure to Vectech of $5000.00, and asked how the unit is working. While reviewing the meeting packet, he was curious about what this item was and had "Googled" it. District Manager MacKay responded, noting that the equipment has been underutilized this year due to staffing shortages, but stating that the equipment is good to have, although time-consuming. The Vectech equipment identifies species utilizing a slide and small petri dishes. Bugs are placed on the slides or dishes and put into the equipment, then it performs identification. District Manager MacKay noted that he would have preferred not to have to pay for it this year, but it definitely is a useful tool to have in place. If the county had a virus outbreak, especially something that was outside the norm, it would help the District identify insects if needed. It is an additional safety net to other measures.

Trustee Jonte asked if the District had heard anything from Las Vegas about the Zika virus that they had two years ago. District Manager MacKay responded that he had not, noting that they have had quite a few West Nile positives, which is fairly typical for that area this time of year.

Vice-Chairman Brown made a motion to accept the expenditures report. Trustee Grondin seconded the motion. The motion passed unanimously with no opposition.

15. Public Comment

NONE

16 Adjournment

Vice-Chairman Brown made a motion to adjourn. Trustee Grondin seconded the motion. The motion carried unanimously with no opposition. The meeting was adjourned at 6:06 PM.

Re: NEW BUSINESS ITEM #1 – Discussion and possible action re: amendments to the wording of the District Bylaws Chapter 8.21, "Timekeeping Records"

The District no longer uses a biometric time clock and proposes revising the bylaws to accurately reflect current timekeeping procedures. The first sheet attached to this memo contains the section as currently written, and the second sheet contains the proposed revisions.

CURRENT (OUTDATED)

disciplinary action. The level of discipline will be determined by the severity of the abuse which can include restitution and up to and including termination, as described by the Discipline section of the manual.

8.21 Time Keeping Records

A. It is the responsibility of the staff to maintain accurate work-related records. If staff is running late for any reason, they need to contact management as soon as they are able.

B. **Clocking in and Out**. Employees need to utilize the biometric time clock. Each employee will be given a code and their fingerprint uploaded onto the time clock. To mark their hours, the employee will place their finger in the scanner and follow the prompts from the machine. Should the fingerprint scanner not work the employee can enter their employee number followed by their code to clock in/out. Notify Management immediately if there is a problem. If the employee forgets or fails to operate the time clock, the employee must notify Management as soon as possible and make note on their timecard to prevent undocumented time issues.

Employees should clock in no earlier than three minutes before their shift begins and clock out at the time that their designated shift ends. The District does not pay for employees to change into their uniforms at the District facility. Employees can come to work in their uniforms or change into or out of their uniforms on their own time. When working at the District facility, staff needs to clock in and out for their lunch breaks. When working out in the field, staff needs to document their lunch breaks on their daily logs and Management will update the payroll logistics.

C. Any employee who displays unprofessional behavior such as repeatedly "forgetting" or intentionally "fails" to properly utilize the time keeping system including sharing pass codes or clocking in or out for other employees will be subject to disciplinary action as set forth in the Discipline section of these Bylaws.

8.22 Vehicle GPS Tracking Devices

District vehicles may be equipped with a GPS tracking which monitors vehicle movement during daily operations. The purpose of these tracking units is to ensure that District vehicles are safely operated within assigned areas of the county as well as act as a backup for liability issues. These units provide invaluable location data for the vehicle.

These units automatically generate a GPS signal. Employees will see three (3) LED lights on the unit when the unit is working properly. If there are no visible lights or flashing lights, the unit is not operating properly. The employee is required to notify Management as soon as possible to ensure that necessary repairs can be performed without delay. To ensure proper operation of these units, each employee will make a visual inspection of the unit at the beginning and end of their respective work shift and will record the inspection on their daily logs, in the appropriate location.

Tampering with or intentionally damaging these units will not be tolerated. Such behavior or conduct will result in disciplinary action up to and including termination as set forth in the Discipline section of this Policy.

PROPOSED

Proposed amendment to the wording of the District Bylaws Chapter 8.21, "Time Keeping Records"

8.21 Change "Time Keeping" to "**Timekeeping**" Records

A. It is the responsibility of the staff to maintain accurate work-related records. If staff is running late for any reason, they need to contact management as soon as they are able.

B. Clocking In and Out – Employees must use the provided timesheets to accurately record their regular clock-in and clock-out times, as well as extra hours worked and vacation, sick, and holiday hours.

Employees may not clock in more than three minutes before their scheduled shift and must clock out when the shift ends unless management directs otherwise. Employees must be ready to work when they clock in. The District does not compensate employees for changing into a work uniform at its facility; employees may arrive in uniform or arrive early enough to change before their scheduled shift.

C. Employees who repeatedly forget or fail to use their timesheet may be subject to disciplinary action under the Discipline section of these Bylaws.

Re: NEW BUSINESS ITEM #2 – Discussion and possible action re: approval of an adjusted hourly rate for work performed by Sue Pruit, doing business as Pruit Business Services, beyond the contracted hours

---

As outlined in the attached memo, Ms. Pruit has been performing extra work for the District that isn't outlined in her contract, such as researching and setting up a new payroll system.

Pruit Business Services

Memo

To: JD MacKay

From: Sue Pruit, Pruit Business Services

cc: Matt Clark

Date: September 29, 2026

Re: Contract Amendment

Monthly services from Pruit Business Services include Accounts Payable, Payroll, PERS reporting, Receivables, Account Reconciliations, monthly Board Reporting, Quarterly reporting, Annual Fiscal Audit, and Annual Year end reporting at the contract rate of $1,300 per month. With the new payroll software changes, quarterly reporting and annual year end reporting will be less. We will implement a purchase order expenditure approval process to streamline the Accounts Payable procedures.

Per our discussion, please amend my contract for Pruit Business Services to include an hourly rate of $60 to apply to additional projects and work as agreed upon.

Thank you,

Sue Pruit

Re: District Manager's Operations Report – September 2026

The 2026 Ford F450 weed truck chassis was delivered to the Spraytec facility in Livermore, CA on Monday, September 28.

The City of Fernley offered the District two Mozzie foggers that they were no longer using. Assistant Manager Clark picked them up on Wednesday, September 30.

District staff continued with larviciding and adulticiding efforts throughout September.
